KIWANIS "KID'S DAY" Last Saturday was "Kid's Day" in Lemon Grove. It was the 11th annual event of its kind to be sponsored by the Kiwanis Club. The day started with free movies for the youngsters. Immediately after the movies came the "Kid's Day" parade. Hundreds of youngsters participated in the parade . . . kids all sizes, all ages, walking, riding bicycles, pulling or riding in wagons, running . . . that marched down Broadway in Lemon Grove. Bands from Mt. Miguel High School, Lemon Grove Junior High School, and the Pioneers from San Diego played and marched in the parade. Mt. Miguel's ultra-sharp Cadence Corps, a precision marching group of very pretty young girls, created a pleasing view for the parade watchers. Miss Lemon Grove Chamber of Commerce, Miss Martha Ann Allen, held the spotlight by riding in the lead parade car and giving the people of Lemon Grove a chance to see their lovely representative. Costumes of all kinds were worn by the kids in the parade. Masks, beards, wigs, and the inevitable squirt guns were all there. The parade wasn't limited to just the kids and bands and pretty girls. The Lemon Grove Fire Department got into the act, too, by driving one of their big fire trucks at the lead, occasionally sounding off on the siren to help liven up the festivities. And, one can't forget the many adults that helped make the day possible. Some of them even got into the parade . . . and into the picture. The parade ended at the Lemon Grove Junior High School recreational field where prizes were given for such things as best decorated bicycle, best decorated wheeled entries other than bicycles, and best costumes. According to Kid's Day Chairman Jack Durham, "It is one day in the Kiwanis year where the youngsters and club members have a real fun day."

Commissioners Block Construction Of 2 Lemon Grove Businesses

SAN DIEGO (CNS) — Construction of two new service stations in Lemon Grove is awaiting approval by the county of zoning variances, it was disclosed Friday at the meeting of the County Planning Commission.

Commissioners told each of the applicants to come back in two weeks with changes in their requests.

James T. Lambert, owner of land at Sweetwater rd. and Troy st. that Douglas Oil Co. wants to buy, was told to file a new application for a variance so his request can be considered on Oct. 7.

William Ferguson, representing Richfield Oil Co., was told his company's request should be changed for consideration on the same date.

The proposed Richfield station, at the intersection of Massachusetts ave. and Waite dr., would be closer to the side property lines and the center of Massachusetts drive than the zoning ordinance requires. Ferguson said the variances were needed for pumps and for a sign for visibility, and the owners of neighboring property filed a protest with the commission.

The Douglas Oil request had to be re-filed as the company submitted one plan on its application and another later. The first plan called for building closer to the center line of Sweetwater road than the zoning requires; the second also calls for building closer than the law says to the back property line.

Variances for residential property were granted to three Lemon Grove property owners. These were William E. Taylor, Alvin M. Frohn, and Richard P. Canfield.

Preliminary plans for the development of 70 lots in a Lemon Grove subdivision were approved Friday by the Commission.

The project is Berry Vale, being developed by Alfred Brauer.

The commission approved an extension of a year for the filing of a final map for another Lemon Grove subdivision. This was for the 15 lots in the Beverly Terrace project being developed by Marma Po...

Rules Posted For Newspaper Contest

An essay stressing the role played by newspapers in guarding our democratic freedom will win a $25 Savings Bond in a Newspaper Week contest sponsored by this newspaper.

Rules for the contest were announced this week by Robert Sutton, Lemon Grove Junior High School principal.

"The essay might deal with the "local press", a city paper, an event in history in which newspapers played a part, or with the general idea of papers and the great American way, Sutton said.

The essay will be limited to a maximum of 200 words.

It can be typed or written in ink - those in ink should be on regular theme paper.

Margins should be held to one inch.

Skip space between heading and body of theme.

Since all must be judged and submitted early (National Newspaper Week begins October 15), themes should be in his office by October 7, Sutton said.

High School District to Try Experimental Math Program

An experimental program in the teaching of mathematics in the high schools of the Grossmont Union High School District, aimed at training students to think and to apply previously learned concepts to the solution of problems unknown at the time of training, was explained to the Board of Trustees at its regular meeting Monday evening. The presentations were made by John T. Warburton, assistant superintendent in charge of instruction, who presented Mr. Frank Cross, Mr. Donald Bellairs, math instructors in the District, and Leon Lessinger, Chief of Curricular services, who sketched the outline of the course which would be tried in the high schools of the District this year with smaller groups and then be subjected to a thorough evaluation before proceeding to wide applications.

The new program would use as a foundation the findings of the School Mathematics Study Group from Yale University under the support of the National Science Foundation. This program approaches mathematics from an inductive-discovery viewpoint. Understanding of mathematics, not mere repetitive problems solving is stressed.

The necessity for improvement and revision in the preparation of students to deal with the mathematical problems imposed by our mushrooming technology has become increasingly evident during the past 10 years. The realization that mathematics is a dynamic subject, constantly changing to serve the needs of these rapid advances in scientific, industrial, psychological, governmental and business aspects of living, is important. In the Grossmont nion High School District he Department of Instruction nitiated during the summer of 1959 a study of ways in which mathematics could be adapted o these new challenges. The experimental program recommended to the Board of Trustees is the outgrowth of continued work in this direction. The Board approved the experimental course for the 1960-61 school year and asked for an evaluation to be made to the Board at the close of the year.

by MAX GOODWIN

From Governor Brown's office in Sacramento came the promise that he will propose no tax increases in the 1961 session of the Legislature.

He said he intends to hold to his promise despite the increased needs for new schools and other facilities created by California's exploding population.

Brown has never been able to erase the resentment when he fathered the increase of the "working man's tax"—that tax which he hooked onto the so-called working man's necessities—namely beer and cigarettes.

His promise is not a promise that the Legislature will not raise taxes. This is a possibility though not necessarily a probability, a thing they may do even over a gubernatorial veto.

In spite of his "no increase" promise, the governor pointed out that the $129 million surplus to which he pointed with pride earlier this year was only a "book surplus".

He said $73 million of the money is already earmarked for capital outlay in the current budget for major construction at the universities and state colleges, mental hospitals and prisons to measure up to the growth demands. Another $20 million is a carryover from flood control and such project that didn't get started within the last budget period but will be under way soon.

The remainder, about $36 million, will be available for the 1961-62 budget. The $36 million, he said, would run the state government for just one week—provided there was no appreciable downturn in the economy before next July 1.

And that, boys and girls of this civics class, is why the

Miguel's Classes Force New Hours

Students who do not have a period seven class may sign into the library for the whole period or until 2:45 p.m.

Reference books and periodicals may not be checked out overnight due to the double session schedule.

Not only new regulations, but new books have been added to the library. Many publications to aid reference work and to furnish entertainment have increased the collection of the library.

Arch McPhail, who operates the County News Service, which, in turn, supplies this publication with sometimes interesting material concerning county government, put its recent Welfare Department findings through its own electronic brain and came up with this tid-bit of information:

Says McP: "By at least one unorthodox measuring-stick, the local economic outlook is slightly brighter. Or less dark anyway! The relief load is getting worse more slowly. That doesn't sound optimistic, but it is."

The relief load, says CNS quoting Welfare Administrator Homer Deitrich, has quit increasing so fast. It is growing only as fast as it did in 1949 but not nearly so fast as it was until June.

Not so many weeks age we referred to the splendid public relations attitude of the county assessor's office.

John McQuilken, the county assessor had impressed those of us in the newspaper business that the thing he wanted most, in his relation with the press, was to give correct information, all the information, and a fill-in on the background on which the information is based.

In his contacts with the press, McQuilken emphasizes that his department is a public department, and as such, he has a responsibility to serve the people who pay his department's way.

It was not surprising for us to learn that Assessor McQuilken had this week become the recipient of the 1960 Donehoo Essay Award for his paper on "A Public Relations Program".

The award was made Monday in Denver at the general session of the International Association of Assessing Officers annual conclave.

LG Thespian Mounts 'Ladder to the Stars'

Steve Tamila, son of Mr. and Mrs. Chester Tamila, 6965 Mt. Vernon, Lemon Grove, has fulfilled the ambitions of many young men and women his age. In October he will undergo a screen test given by Allied Artists in hopes of receiving a part in their forthcoming release, "Reckless Pride of the Marines."

Steve is a 1960 graduate of Mt. Miguel High School and participated in activities of the

school's speech arts department for several years and appeared in such plays as "You Can't Take It With You," "The Patsy," and "All My Sons."

To further his theatrical experience, he studied at the La Jolla Playhouse School of Acting, sponsored by the Theatre and Arts Foundation of San Diego, where he gained approval for an apprenticeship at the Playhouse next year.

Upon completion of his course at La Jolla, Tamila went to Hollywood, California, where he placed applications at agencies for the Screen Actors Guild.

The big payoff for his efforts came when Mr. J. Rivkin, casting director for Allied Artists, promised Tamila, who was sitting on pins and needles, a screen test; if he looks good on film he will be cast in the earlier-mentioned picture.

Tamila gained his progress in the field of acting, he said, "thanks to the efforts, coaching, and advice of Mr. Robert Sanders, speech and dramatics teacher at Mount Miguel High School, and of Mr. Allen Mulligin, director of the La Jolla Playhouse School of Acting."

Realizing that the acting is probably one of the hardest professions in which a person can become successful, Tamila says, "I love the field of dramatics and hope to make something of myself as an actor. But if I can't, I want to teach speech and drama in high school."

Yuma Boy to Head Kiwanis National Key Club Group

Steven D. Copple, 17, a Senior at Yuma Union High School, Yuma, Arizona, was named president of Key Club International at the organization's 47th annual convention in Boston, it was announced here by Sam Pernicano, Key Club Chairman of Div. 11 of which his parent organization, the Lemon Grove Kiwanis Club is a member.

Steven's election came on July 5 as the high point of this youth convention, which saw more than 2,200 young men from the United States and Canada in session at the Statler and Bradford Hotels. Key Club International is a High School boy's service organization sponsored by Kiwanis International. It functions in the high school in the same manner that Kiwanis functions in the adult community. The 2,200 young men at the Boston convention represented some 50,000 Key Club members in 2,000 high schools.

PASSING THE AMMUNITION — Byron Netzley, seated, left, issues United Fund campaign material to volunteers at kickoff meeting of Lemon Grove commerce and industry group. Ford, Falcon Introduce New '61 Models Today

The 1961 Ford features crisp new styling, new dimensions for greater maneuverability, and major engineering improvements such as 30,000-mile lubrication, that will result in lower maintenance costs and more carefree operation.

James Spears, Spears Ford, 7220 Broadway, Lemon Grove, said the new Ford, nearly four inches shorter and two inches narrower than in 1960, will offer "a completely new, fresh appearance in the classic Ford tradition of straight-line design."

The 1961 Ford styling has been recognized for its "functional expression of classic beauty" by a world-renowned fashion authority. In Rome, Italy, the Centro Per l'Alta Moda Italiana recently presented Ford Motor Company with a special medal honoring the 1961 Ford.

The new Ford line, to be introduced by Ford dealers today, consists of 16 models in four series—Fairlane, Fairlane 500, Galaxie and station wagons. Added to the line are two new models—a Galaxie Club Victoria (two-door hardtop) and a six-passenger Country Squire station wagon.

All station wagon models have a new roll-down rear window in the tailgate.

A power operated rear window is standard on the Country Squire models and the 9-passenger Country Sedan and optional on others.

Ford introduces a new 390-cubic-inch Thunderbird Special V-8 engine in 1961 that is designed for effortless performance.

Ford interiors feature durable, easy-to-clean vinyl and nylon upholstery, color keyed to the exterior finish. Diamond Lustre paint colors include Raven Black, Corinthian White, Montecarlo Red, Silver Gray, Starlight Blue, Cambridge Blue, Chesapeake Blue, Aquamarine, Mint Green, Laurel Green, Algiers Bronze, Garden Turquoise and Desert Gold.

The Ford Falcon enters the 1961 model year with a new 101 horsepower performance option—the Falcon 170 Special engine.

"In its first year, the Falcon established itself as the standard of American compact cars," Spears said. "No other car ever achieved the first year success to equal the Falcon's it was introduced in October, 1959," he added.

"The 1961 Falcon has a new, convex - shaped aluminum grille, but preserves the styling and inside-outside dimensions of its predecessor," Mr. Spears said. "That means the Falcon will continue to offer full six-passenger seating room, the feel and maneuverability of a sports car, and a 23.7-cubic-foot trunk to carry luggage in real vacation quantities."

The 1961 Falcon, to be introduced by Ford dealers today, will be offered in four models—two- and four-door sedans and two- and four-door station wagons.

There are 13 paint colors for the Falcon in 1961, all in Ford's Diamond Lustre enamel. Upholsteries in new patterns and colors are durable and easy to clean.

Valley Women Sell Paper Subscriptions For Little League

S.O.S., S.O.S., Spring Valley Little League in distress. That was the call of Mrs. Wilbur (Anne) Morley of 9151 Frederick dr. and three other women of Spring Valley Estates recently.

Mrs. Morley said that about $400 is needed for the grading of the Little League field on Sweetwater Lane, but the League's committee had not come up with the answer to raising the money.

So the four women have taken it upon themselves to raise the money. Their project—selling subscriptions to the Spring Valley BULLETIN. For each subscription sold the women receive $1, with the cost of one year's subscription being $2.50. So far the women turned in over 30 subscriptions and said they were determined to reach their goal. Anyone caring to subscribe to the BULLETIN that the commission may be used for the benefit of the S.V. Little League, may call Mrs. Morley at HO 9-7664.

Mrs. Morley, who is on the ways and means committee of the S.V. Little League, said that next year the teams will need sponsors and other means of getting the games under way.

Gone are the days when one color held top position in men's wear for a full season. Now, olive green continues to change with new loden (lighter, grayish) replacing dark olive for fall. Taupe moves down several pegs and newest entry is an antique gold which is surprisingly hot.

GIANT CAKE — In a pre-dawn operation on Monday, Walker Scott store personnel and bakers from Bowie Pie Co. carefully installed the great 2500 pound Walker Scott birthday cake. A fork lift gingerly set the 1600 pound base tier in place. When fully installed, the cake was so heavy that the wheels of the dolly on which it is mounted broke through the flooring. The cake had to be shored up and the icing repaired at the last minute before the cake could go on display. As part of the Walker Scott 25th Anniversary celebration, the huge cake will be cut and served to store customers tomorrow.

Matadors Pace West To Metro Carnival Win

by Bill Ott jr.

Mt. Miguel's lowly rated Matador football team broke loose for 19 points in their twenty minute quarter against the El Cajon Braves in the Seventh Annual Metro League Carnival and paced the West to a 25-6 victory, Friday night in Aztec Bowl.

An over - capacity crowd watched the Matadors steal the show in the second quarter of play. Granite Hills, the Metro League's new member, scored the West's other touchdown in the first quarter of play while fighting the El Capitan Vaqueros to a 6-6 deadlock.

The Miguelers got off to a shaky start, fumbling the ball the first two times while on offense, but the gridders finally shook their spell and started a downfield drive which was completed when Quarterback John McQuaide went over for the tally from the one foot line. Doug Wardell attempted the point-after-touchdown, but failed.

The Matadors once again hit paydirt when halfback Russ Torge galloped for 49 yards and the score. Wardell's P.A.T. attempted failed.

Fullback Duane Freeman completed the Miguel scoring after intercepting an El Cajon pass and racing 40 yards for the 6 points. Wardell's P.A.T. was good and iced the victory for the Matadors.

Helix High and the Grossmont Foothillers battled to a scoreless tie in the finale, giving the West the 25-6 victory.

Friday night the Matadors face the El Capitan Vaqueros in the new Mt. Miguel Stadium. Kick-off time is slated for 8 p.m.

News of Spring Valley Estates, Mt. Miguel Terrace and La Presa

by Elaine Horowitz
HO 3-5393

If your son wants to play baseball, and will be over eight years old by August 31 and under 12 by August 1, be sure to attend the Spring Valley Little League meeting in the Mt. Miguel High School Cafetorium October 5, at 7:30 p.m. The program and plans for the coming season, Little League rules, and what is expected of parents will be explained in full.

One of the aims of Little League is to weld the family closer together through the sharing of common experiences; by a parent's pride in his child's accomplishments, and a child's confidence in his parents' interest. Your neighbors give of their time and energy to develop your son's skills and to teach him sportsmanship and fair play. The only time their enthusiasm wavers is when they see the lack of enthusiasm in a boy whose parents can't spare the time to attend meetings with him, or to watch him play.

Do yourself and your son a favor! Get up out of that chair, take him by the hand, and attend the meeting together.

AVONDALE NEWS

Anyone having a hobby that is portable is requested to ready it for the October 18 Avondale PTA meeting. At that time they will be displayed in two categories; children and adults. More information will follow as plans are formulated, but in the meantime, get busy on those displays.

An invitation is hereby extended to those who can help plan, set up, or work at the Avondale PTA's Halloween Carnival, to attend the Carnival Committee's meeting in Avondale's conference room October 3, at 9:30 a.m.

The drive for membership in Avondale's PTA, will take place from October 3 to 8. Your membership will entitle you to a voice and a vote in this wonderful organization, and will help bring to fruition the many functions planned for your enjoyment this year.

Two additions have been made to Avondale's teaching staff, due to the large enrollment (699 students), this year. They are Miss Stevens, who will teach a Kindergarten class, and Mrs. Brown, who will teach 3rd grade.

Two of Avondale's Kindergarten classes have been transferred, one to the Spring Valley Elementary School, and one to the new Rancho Elementary School. This situation should be alleviated when the expected additions to Avondale are made.

If there are any Avondale parents who have singing, dramatic, or directing abilities, or frustrations, please get in touch with me at HO 3-5393.

SCOUT NEWS

The Mothers' Auxiliary of Boy Scout Troop No. 357, will hold a special meeting at 7:30 p.m. October 3, in the home of Mrs. Idelle Nation, 8874 Innesdale, Spring Valley, to complete arrangements for the 'Wet Sponge' booth they will maintain at the Spring Valley Days festivities on October 8 and 9.

Cub Scout Pack No. 357, sponsored by the Avondale PTA, officially started their fall season with Den meetings last week, at which time racing car models and ports were distributed to all the boys as prizes for last year's candy sale. These models, which have to be shaped, put together and painted, will be a father-son project. When completed, races will be held between dens.

Mrs. George Herold and Mrs. C. Ake, who as Den Mothers did so much for the boys last year, will be unable to participate in the Cub Scout program for the rest of this year.

Mrs. Reno Harnish will take over Den 1, with Mrs. Stanley Mourning assisting, and Mrs. Willard Carroll will take over Den 3, with Mrs. D. Kidd assisting.

The Cub Scouts are now busy making prizes for the Spring Valley Days' Booth.

MEET YOUR NEIGHBOR

Meet Fran and Carl Matthews, who met and were married right here in San Diego.

Fran was born in Youngstown, Ohio, works as a substitute teacher, was leader of a Brownie group last year, is Corresponding Secretary for the Avondale PTA, and enjoys as hobbies gardening, tennis and sewing.

Carl was born in Wilmore, Kentucky, serves as a Vocation Counselor in the U.S. Navy, works part time in Rascoe's Chevron Station, and as a Religious teacher at Temple Solel. He too, enjoys gardening and tennis, as well as photography and boating.

This past summer, with their two children, Denise 8, and Cheryl 5, they went camping at Idylwild, and are now looking forward to taking a Champagne flight to Las Vegas in October, the prize for a Channel 6 contest they won, and deservedly so.

SO SORRY

Last week I omitted the name of Craig Botzer as one of the School Safety Patrol boys who participated in the flag raising ceremonies at the Avondale PTA meeting. Sorry, Craig.

LITTLE LEAGUE LADIES

The Women's Auxiliary of the Spring Valley Little League will meet October 4, at 8 p.m., in the home of Mrs. Pat Doughty, 1540 Folkstone st., right behind Mt. Miguel High.

LG First Congregational Church Adopts New United Constitution

Judge William C. Dixon, Moderator of the Congregational Conference of Southern California and the Southwest, presented the constitution of the United Church of Christ for adoption to the congregation of the Lemon Grove First Congregational Church, whose pastor is E. Walter Smith, on Tuesday evening, September 27.

This is the first Congregational church in San Diego county to adopt the constitution of the newly formed United Church of Christ, which resulted from the merger of the Congregational Christian and the Evangelical and Reformed denominations. This is considered the most significant achievement in Protestantism in the last 100 years, and has been twenty years in the making.

Judge Dixon was admitted to the Ohio Bar, 1928; California Bar, 1948; Supreme Court, 1944. He served as Justice of the Ohio Supreme Court, 1938, and Special Assistant to the United States Attorney General, 1944-54; Anti-trust Division Chief, West Coast Offices, Anti-trust Division, 1947-50; Chief, Los Angeles Office, Anti-trust Division, 1947-54. Member of Zaibatsu War and State Department Mission to Japan, 1946. Resigned to enter private practice in Los Angeles, 1954. "...and we're close to the new school!"

Boasting about your home, Higgins? Well, that's understandable. Most men who have worked hard through the years to buy good homes for their families are proud of them.

Nice as your home is, its location in a progressive community, with all the public facilities needed for modern living, adds greatly to its attractiveness.

Someday—perhaps years from now—you may sell your home. When you do, the good schools, well-equipped fire department, modern hospitals, ample supply of pure water and other community assets can make a difference of *several thousand dollars cash in your pocket.*

Of course, you share the cost of these community assets. But the cost is spread over a long period of time to keep taxes at a reasonable rate. This is done by sale of *municipal bonds* on a competitive bid basis.

The Bank of America and its associated investment dealers bid on virtually all municipal bonds issued in the State. That's because we have confidence in the future of California and communities like yours.

Being right there on the scene, you know the business, industry and people in your community as well as anybody does. You've watched it grow and improve as the years went by. You've helped by voting for needed bond issues.

But have you ever thought of *buying* the municipal bonds issued in your area? They're available in denomination of $1,000. Municipal bonds pay you a good return and the income you get is *tax free.* The manager of your local branch of the Bank of America will be glad to give you full information — or you may write to

Announcing the 1961 Ford . . .

Beautifully proportioned to the

CLASSIC FORD LOOK

An honor to be proud of, this is the medal presented by the international fashion authority, Centro per L'Alta Moda Italiana, to the 1961 Ford for functional expression of *classic beauty.*

The 1961 Ford Galaxie Club Victoria—beautifully built to take care of people

BEAUTIFULLY BUILT TO TAKE CARE OF ITSELF

The 1961 Ford introduces a whole new concept of what a car can do for you . . . *and for itself!*

It lubricates itself. New nylon bearings and a newly developed lubricant keep the '61 Ford freshly greased for 30,000 miles. Goodbye grease racks! What's more, it cleans its own oil. The 1961 Ford's Full-Flow oil filter lets you go 4,000 miles between oil changes.

It adjusts its own brakes. A "mechanical brain" keeps brakes adjusted for the life of the lining.

Rust? Ford's body is specially processed to resist corrosion, even to galvanizing body panels beneath doors.

Ford takes care of itself on the turnpike, too, with a new 390-cu. in. Thunderbird Special V-8 that has all the punch you'll ever need. The 352 Thunderbird Special V-8 and 292 Thunderbird V-8 thrive on regular gas. And, for top economy, you can choose the '61 Mileage Maker Six.

This is the 1961 Ford . . . beautifully proportioned to the Classic Ford Look . . . beautifully built to take care of itself.

HERE'S HOW THE '61 FORD TAKES CARE OF ITSELF

LUBRICATES ITSELF. You'll normally go 30,000 miles without a chassis lubrication.

CLEANS ITS OWN OIL. You'll go 4,000 miles between oil changes with Ford's Full-Flow oil filter.

ADJUSTS ITS OWN BRAKES. New Truck Size brakes adjust themselves automatically.

GUARDS ITS OWN MUFFLER. Ford mufflers are double-wrapped and aluminized—normally will last three times as long as ordinary mufflers.

PROTECTS ITS OWN BODY. All vital underbody parts are specially processed to resist rust and corrosion, even to galvanizing body panels beneath doors.

TAKES CARE OF ITS OWN FINISH. New Diamond Lustre Finish never needs wax.

SURPRISE, SURPRISE — Bill Leyden, left, host of the network daytime television show "It Could Be You," surprised Mrs. Jeannine Ward, 8153 Dorchester st., Spring Valley, when he reunited her with her brother, Milton Rake, Rapid City, South Dakota, on a recent show. Helix PTA Council Plans Parliamentary Training Course

A course on parliamentary procedure for the Parent Teacher Association will be held at the Lemon Grove Education Center beginning October 5 and continuing each Wednesday at 9:30 to 11:30 a.m. thereafter for five weeks.

Mrs. Robert Higgins, council parliamentarian, stated the course was sponsored by Mt. Helix Council. Mrs. Byron Netzley, ninth district immediate past president, will conduct the series.

Mrs. Netzley, Mrs. Higgins, and Mrs. Don Irwin were group leaders in the Tri-Council Parent Teacher Association workshop held in Vista yesterday.

Gov. Brown Proclaims 'PTA Week' CCPT Launches Annual Member Drive

The California Congress of Parents and Teachers has designated the week of October 3-8 as the time to conduct their annual membership enrollment campaign.

At the request of the California Congress, Governor Edmund G. Brown has proclaimed the week of October 3-8 as "P.T.A." Week" throughout California.

Mrs. William H. Odele, membership chairman of Ninth District C.C.P.T., states that a goal of 120,000 members has been set for the 1960-61 year. Mrs. Odle says: "This is a real challenge and certainly not impossible to reach. With new schools and associations and an expected increased enrollment, the potential PTA membership should far exceed the goal."

One of the most active PTA ers and a member for 35 years is Mrs. Orno E. Tyler who is currently Character and Spiritual Life Chairman of Ninth District. Mrs. Tyler states "Membership in a Parent Teacher Association signifies interest in its program. To one person, it may be only the interest in Johnnie's request to help his room get the most members To another the interest may lie in the opportunity for self help and education and to still another there may be the eager desire to be of service to children. All three are worthy. Be proud of your PTA and help make the program serve the needs of the school and community."

Aims and Objects of PTA have been necessarily high and throughout the past 63 years PTA has brought parents and teachers into a closer relationship. It has aided in securing adequate laws for protection of youth. It has helped raise the standards of home life and it has participated in all phases of community welfare projects and programs. This is the largest voluntary group working solely in the interest of children and youth. There are now two million members in California and 9th District is one of the strongest in the state.

Health is the most unappreciated blessing in the world—by those who have it.

The 1961 Ford Galaxie Club Victoria, a new model in the Ford line that will be introduced to the public on September 29, features crisp, new styling that has been honored by an international fashion authority in Rome for its "functional expression of classic beauty." The new Fords are nearly four inches shorter and two inches narrower for greater maneuverability, and introduce 30,000-mile lubrication. Other engineering features include self-adjusting brakes, double-wrapped aluminized muffler, longer-lasting bright trim and underbody parts, and a 4,000-mile oil change interval. A new optional 390-cubic-inch high performance engine also is available.

Commissioners Approve, Reject, Turn-about SV Variance Requests

SAN DIEGO (CNS)—A La Presa property owner's request for a zoning variance, to allow him to build two feet and eight inches from his side property line, instead of the required five feet, was turned down Friday by the County Planning Commission. The property involved is at 943 Concepcion ave.

The commission denial was voted when Edward Bracklow, attorney for Mr. and Mrs. Paul May, owners of adjacent property, said that the applicant, Wilfred J. Eckert, had already finished his construction and the overhang was 11 inches over the Mays' property.

Instead of building two feet and eight inches from his property line, the variance requested, the garage foundation is less than 18 inches from the property line, Bracklow told the commission.

"In the light of the evidence," said Robert Berrey, deputy county counsel, "we can't grant this variance." The building inspection department has the power to order removal of work done.

Another La Presa applicant for a variance was more fortunate. Antonio Blanchietti was granted permission to build on two lots, each with an area of 5,250 square feet, although the zoning requires a minimum lot area of 6,000 square feet. The Blanchietti property is on Ramona ave., south of St. George st.

A third Spring Valley applicant for a variance, Alton N. Perkins, had his request denied. He asked for permission to build five feet, instead of the required 10 feet, from the side line of his property on San Carlos drive. The denial was based on the long, narrow shape of the property, and the commission ruled the proposed home should be redesigned to fit the property.

A turn-about on a zone change denied in July for land in the La Presa area of Spring Valley was voted Friday.

The commission had previously turned down a request for commercial zoning made by Robert E. West for land at the southeast corner of the intersection of Jamacha road and Leland st. West had asked for apartment house zoning, for part of the property and commercial zoning for the section on the intersection.

The commission recommended to Supervisors that all the property be zoned for apartment houses, and West appealed to Supervisors to over-rule the commission. Friday's about-face by the commission was voted without comment, at the recommendation of the planning staff.

Action on a request for zoning for duplexes for 25 acres in the Avocado st.-Bancroft dr. area of Spring Valley was delayed for two weeks at Friday's session of the County Planning Commission.

A group headed by Albert Chrisman is seeking a zone change from agricultural use, but the commission earlier told the applicants they would have to show some plans of how the area would be developed.

The following is an excerpt from a recent letter written by Jackson Pontius, Executive Vice President, California Real Estate Association:

"...it has been my privilege to work with the Hon. Sheridan Hegland in Sacramento. I cannot help but mention that Assemblyman Hegland has, in every instance, to my knowledge, voted favorably on those matters affecting home owners and has been very sincere in his efforts to work out matters affecting the tax structure which would be, generally, a burden on real estate."

In a recent speech before San Diego County realtors, California State Real Estate Association President, Ed Callahan, also commended Assemblyman Hegland for his assistance in efforts to help home owners.

Minister Attends Improvement Class

Edgar A. Flinn, presiding minister of the Spring Valley-La Mesa congregation of Jehovah's Witnesses, left for New York to attend a special intensive ministry improvement program, directed by the Watchtower Bible Society.

Flinn and three other ministers were selected from the 22 San Diego County congregations to be the first from this area to receive this advanced training. The latest in Bible research and ministry techniques, along with congregation supervision, will be given considerable attention during the 30 day course.

"We will be refreshed and strengthened by a keener appreciation of Jehovah God's truths and His purposes as we review the principles of the Christian ministry. We will consider practical solutions to our field problems and become more adequately qualified as Christian ministers," stated Flinn.
